

# CHILE: SOLAR THERMAL FOR POWER AND HEAT

## SUCCESS STORIES AND PERSPECTIVES

INTERNATIONAL WEBINAR

MAY 26 & 27  
10:00 (Chile)  
16:00 (Germany)

Moderator: María Teresa Cerda, Fraunhofer Chile

Day 1 – CSP in Chile		
Time	Topic	Present
10:00 – 10:10	Introduction	
10:10 – 10:30	Comparison of CSP with fossil fuels in Chile	Fraunhofer Chile CSET – Catalina Hernández
10:30 – 10:50	Commissioning of first CSP power plant in Chile	Cerro Dominador – Fernando Gonzalez
10:50 – 11:10	Solar Tower LCOE in Chile: Comparative study	Fraunhofer ISE – Maitane Ferreres
11:10– 11:30	Questions and discussion	All partners

Day 2 – SHIP in Chile		
Time	Topic	Present
10:00 – 10:10	Introduction	
10:10 – 10:25	Solar heat production in Chile: A comparison with fossil fuels	Fraunhofer ISE – Francisco Torres
10:25– 10:40	Solar process steam: Exploring market entry opportunities in Chile	Industrial Solar – Irapua Santos Ribeiro
10:40 – 10:55	SQM towards carbon neutrality	SQM - José Miguel Berguño
10:55 – 11:10	Study case: integration of solar thermal energy to a mining process	Fraunhofer Chile CSET – Iván Muñoz
11:10– 11:30	Questions and discussion	All partners
